Dear Colleagues,

On the behalf of the above mentioned institutions and organisations, Can Tho University organises the

5th Vietnamese–Hungarian Conference on Animal Production and Aquaculture for Sustainable Farming
including
Hungarian – Vietnamese MGE NEFE Project Major Conference

The conference is part of a series of conferences, started in 1998 and held in every second year either in Vietnam or in Hungary. Joining to the traditional sections of earlier Vietnamese-Hungarian Conferences, major conference of the MGE-NEFE project, called “Adaptation of Hungarian poultry breeds in Vietnam, to reinforce development of poor regions, agrarian environment protection and gene conservation” will also be included into the scientific and field programme. The language of the conference will be English (simultaneous translation will not be available during the conference). It is a great pleasure for organisers to invite you to participate in this meeting and to ask you to submit a paper or poster on subjects related to the following sessions and main topics:

Sessions of the Conference:

- Session 1 Plenary session **incl. MGE-NEFE project** (for invited speakers)
- Session 2 Animal husbandry **incl. MGE-NEFE project** (papers and posters)
- Session 3 Aquaculture and fisheries (papers and posters)

Main topics of the Conference:

- Agricultural Research for Development (ARD) in Vietnam and South-East Asia.
- Quality of animal and fish products, aspects of genetics, reproduction, nutrition, animal health care and environmental factors in ecological and sustainable farming systems, adaptation possibilities of foreign domestic animal breeds in the tropics.
- The role of animal and fish genetic resources (AnGR) in sustainable agriculture.
- Production systems, enhancing sustainable agriculture and rural development.

Domestic animal species, concerned in the Conference programme:

- Different fish species
- Small domestic animal species (poultry, rabbit, pig)
- Ruminants: (cattle, sheep, goat)

Farming systems concerned in the Conference programme:

- Traditional farming
- Ecological type mixed farming
- Free range farming
- Organic farming

We would appreciate, if you send this announcement and registration form to colleagues who interesting to attend.
